

# EMPOWERING DENVER'S FUTURE

## Investing in Education, Fueling Prosperity

**Prosperity Denver Fund** reimburses Denver serving scholarship providers up to 75% for postsecondary education scholarships and academic support services offered to qualifying Denver students.

**The scholarship providers** then use the funds to increase their impact and work with more students.

This creates a ripple effect that **increases the number of scholarships awarded to Denver students**, leading to a more equitable prosperous Denver.

## PROSPERITY DENVER FUND

# PROSPERITY DENVER FUND

**OUR STORY:** At Prosperity Denver Fund, we are on a mission to transform lives through education. Established in 2019, our 501(c)3 public charity was born out of a vision to make higher education accessible to

all. With the support of a 0.08% sales tax (less than one cent on \$10), we are changing the narrative for Denver's high school students from marginalized households. Our goal? To build a skilled and prosperous workforce that propels our Mile-High City to new heights of economic prosperity for all.

**IMPACT:** Join us in celebrating the achievements of this community investment.

- **Over \$20 million invested since 2018**
- **Partner with 35 Denver scholarship providers**
- **Funded 7,500 scholarships**

We've ignited the spark of potential in Denver's youth, ensuring that dreams are not limited by financial barriers.

**HOW THE FUND WORKS:** Our journey has only begun. We've broadened our horizons, creating more avenues to empower Denver's students. Find out how your organization can become a catalyst for change today.
